Beelan Portal Guideline for Bidders

Getting Started

Open your web browser and enter the following URL in the address bar.

https://beelan.finance.gov.mv/

Then, press the **Enter** key.

Registering to Portal

To Register to Beelan Portal, bidders are required to fill the form which will appear once they click the "register" on home page of the portal. The form shall be submitted to Ministry of Finance as stated in the form.

This registration process is a one-time registration process which the bidder needs to complete in order to create a login ID for the portal.

Upon the successful creation of login ID, bidder will receive an email, for the registered email address as shown below.

Note: Please check junk folder of your email if you do not find an email in your inbox.

Next step is to encrypt the file and get its hash value.

Encrypting File

To encrypt the file, the bidder will first need to download the encryption tool to their system. For encryption, bidders need to use the **MoFP - Encryption Utility** for encryption. **AES standard** is used by this tool to encrypt the file.

You can download the tool from the Beelan Portal login page or using the following URL

https://beelan.finance.gov.mv/download/encryption_tool

The zip folder contains a WINDOWS and MacOS folder. Choose the folder of your operating system.

For WINDOWS

The Windows version does not require any installation. Double click the mofpencutil.exe file to run the encryption tool.

Process Flow if Bidder Provides Incorrect Hash

If hash provided by bidder does not match the hash of the file uploaded to the portal, document verification will fail. And, bidder will be required to either Resubmit Hash or to Cancel the upload and start the bid upload process again.

To resubmit the hash of file, click "resubmit hash".

When you click the "Resubmit Hash" button, it will direct you to page where you can submit the hash of uploaded file. And, once you enter the correct hash, upload will be verified.
